

THE FIRST EVER ORCA EXPLORER SETS SAIL THIS MAY!

Never before has there been a scuba diving and conservation business built with such character and care. **OrcaNation** is unique in every way and now this budding adventure company sets sail to a liveaboard experience with heart.

With premium dive centre locations across South East Asia, **OrcaNation** is loved by professional divers and those new to the underwater world. Their training standards are exceptional, suitable for both children and adults, and with (HSEQ) Health, Safety, Environment and Quality woven into every experience. The **OrcaNation** team takes every opportunity to embrace discussions around conservation and how improved scuba practices can help protect our oceans and marine life.

This May and June, the brand launches their first full charter scuba diving experience onboard the incredible MV Mega Explorer - a vessel designed to change the perception of what a diving liveaboard should look like.

Departing from Singapore, certified divers can now explore the incredible underwater seascape of Tioman Island, Malaysia and Anambas Islands, Indonesia.

Each of the 3 or 4 day trips include superb onboard ensuite accommodation, entertainment, food, and a tapas & drinks afternoon on the final day of cruising. There will be professionally guided dives to stunning marine parks filled with sea turtles, barracudas, stingrays, reef sharks, bumphead parrotfish, lionfish, manta rays and many more fascinating species.

During the Tioman trips in May, guests will be joined onboard by **OrcaNation** Founder, Jeroen van de Waal. Jeroen will be offering his vast knowledge of scuba diving and ocean conservation and sharing tips and insights for better scuba diving experiences.

OrcaNation's new liveaboard experiences are an enlightening way to expand your diving experience while immersed in some of the world's most exciting ocean environments.

About Jeroen van de Waal & OrcaNation:

Jeroen is Founder of **OrcaNation**, a fast growing conservation, education and adventure company that works with schools, individuals and companies. Jeroen's passion for people, purpose and drive for change led to him launching **OrcaNation** in 2015, a for-profit organisation that believes in doing good while delivering award-winning experiences to save the Oceans, the Planet and Ourselves.

OrcaNation Dive Centres are located in key destinations across South East Asia with partnerships including high profile resorts: AYANA Komodo Resort, Indonesia; Rawa Island Resort, Malaysia; Bawah Reserve, Anambas Islands, Indonesia.

Jeroen's first book 'Together We Can Turn Tides - A Manifesto to Save The Oceans, Planet and Ourselves' is a thought-provoking manifesto. The book is marked a 'must-read' for anyone who is not only waking up to the current challenges facing our world but for those with a burning desire to make a difference.
